

Flash CS5

RICH CONTENT CREATION

SDF approved

Fee: \$480 (before SDF funding) • **Duration:** 2 days (9am - 6pm)

Course synopsis

Adobe Flash Professional is the most advanced authoring environment for creating rich and engaging content. In this course, participants will learn to embed rich and crisp text, stunning graphics, and compelling animations to produce a impressive multimedia experience. Participants will also learn to deploy music and video to complete the experience.

Target audience

This course is targeted for web enthusiasts or anyone who is interested in animation and creating interactive projects.

What you are going to learn

Getting started with Flash CS5

- Learning the new Flash work area
- Working with panels and panel layouts
- Working with Properties Inspector
- Setting stage dimensions and customizing workspaces

Working with Graphics

- Import both vector and bitmap images into Flash
- Separating content by using layers
- Understanding the different drawing modes in Flash
- Customizing gradients using the Color panel
- Utilizing symbols to create multiple objects with ease
- Creating variety by using Color Effect in symbols
- Importing Illustrator files to animate in Flash
- Using masking technique to crop unwanted edges
- Adding pattern creation using Deco Tool

Adding Animation

- Changing pacing and timing of Flash project
- Creating animation using the new Object-based animation
- Customizing the path of animation
- Appreciating movie-clips in Flash animation
- Creating a simple web banner advertisement
- Applying pre-built animations using Motion Presets

Embedding Sound and Video

- Importing sound and change properties to reduce the file-size
- Understanding the Flash Video format
- Convert to Flash Video format to embed content into the website
- Using the FLVPlayback component to control the video

Creating Engaging Content

- Creating and manipulating buttons
- Introduction to the new Code Snippets panel
- Embedding stop command to frames
- Embedding event handlers for buttons
- Inserting frame labels

Publishing Flash Documents

- Exporting to different formats for compatibility
- Understanding the Bandwidth Profiler

VALUE PACKS

- **Flash Package for Designers (CS5) - SAVE \$180**
- includes Flash CS5 - Rich Content Creation & ActionScript 3.0 for Designers

Normal Fee: \$1000 **Bundled Fee:** \$820 (before SDF funding)

- **Flash 2-in-1 Bundle (CS5) - SAVE \$180**
- includes Flash CS5 - Rich Content Creation & Flash MasterClass

Normal Fee: \$760 **Bundled Fee:** \$580 (before SDF funding)

Flash CS5

MASTERCLASS

SDF approved

Fee: \$280 (before SDF funding) • **Duration:** 1 day (9am - 6pm)

Course synopsis

This course addresses many participants requirements of wanting to create a more advanced and polished animation apart from the basic principles of animation. It contains a gold-mine of animation inspiration, time-saving practical tips and tricks that you will wonder how you survived without attending this course.

Target audience

This course is targeted at users who want to master creative ways of creating animation and motion effects.

What you are going to learn

Mastering Motion Tweens

- Educating on concepts of animation
- Understanding the different aspects of animation
- Working with the Property Keyframes
- Understanding and customizing Easing properties
- Utilizing the Free Transform Tool to transform and distort
- Store frequently used tweens using motion presets

Advanced Masking in Flash

- Animate a mask in flash to create special effects
- Utilizing masking techniques for Flash cartooning
- Using morphs to fine-tune mask effect

Creative Effects in Flash

- Fine-tuning the animation using Inverse Kinematics (IK)
- Create realistic walk cycle animation
- Adding Springiness to bones
- Utilizing Motion Editor to fine-tune animation
- Vary animation sequence by staggering timelines
- Incorporating 3D animation to projects
- Making your text fly
- Simulating motion by blurring background
- Creating a smoky effect
- Creating perspective shadow with Filters

BONUS

- The new features and refinements of CS5 are added for your ease of software migration
- Unlock "hidden" gems within Flash

VALUE PACK

Flash 2-in-1 Bundle (CS5) - SAVE \$180

- includes Flash CS5 - Rich Content Creation & Flash MasterClass

Normal Fee: \$760 **Bundled Fee:** \$580 (before SDF funding)
