

# PHOTOSHOP PHOTOSHOP LIGHTROOM 2

## SIMPLIFY PHOTOGRAPHY WORKFLOW

### Course synopsis

Created by a photographer for fellow photographers, the course facilitator, John Arifin, understands the specific needs and frustrations a photographer commonly faced. He crafted the course syllabus to include one hour of outdoor shooting with your camera so you can use them during class discussion.

Suitable for both basic and advanced photographers, this workshop takes you from shoot to finish. John will share steps for managing, adjusting and presenting large volumes of digital photographs.

*It's time you spend less time in front of the computer and more time behind the camera!*

### What you are going to learn

#### **Outdoor photography**

- One hour of shooting with your camera for sample images
